CHIEF GUEST

HON. JOSEPH MUCHERU, EGH, MBS
Cabinet Secretary,
Ministry of ICT, Innovation and Youth
Affairs

This year, 2020, will go down the history of every nation as the year that the world came to an abrupt lockdown and closure of institutions of learning and of businesses to an unprecedented level. But, at the same time, the year will also go down into the records on a positive note as the year when ICT connectivity, usage and support to the growth of the global economy grew at the highest rate. During the lockdown in Kenya and elsewhere, ICT was the key enabler for people and organisations to productively work from the safety of their homes. I therefore do acknowledge that this is a great privilege to the Ministry of ICT, Innovation and Youth Affairs to join Mount Kenya University and be a part of the online stakeholders participating in the 18th Graduation Ceremony of this university as a hallmark of the growth of ICT connectivity despite many other COVID-19-related challenges. The relevance of my Ministry's presence in the ceremony is all clearly depicted through the theme of the ceremony, namely, "Embracing Innovative Digital Technologies in Higher Education: Excelling Amidst Emerging Challenges". Indeed, the university would not have chosen a better theme than this one.

Ladies and Gentlemen, the COVID-19 disruption has pushed institutions of higher learning to innovate and adopt new ways of teaching, delivering content and administering examinations by leveraging on use of diverse technologies. We have witnessed that MKU has been leading the way in utilizing multiple platforms to ensure total success in transitioning to a fully online university as reflected in the theme of the 18th Graduation Ceremony of Mount Kenya University. For a university with a high student population, setting up the various platforms to support learning requires immense resources as well as technical expertise. I hereby wish to applaud the university management for the dedicated effort in ensuring education is accessible through MKU's e-Learning platform and a high-end mix of different technologies, including television, video-conferencing and collaborative platforms. Technology has also enabled the university staff to undertake administrative responsibilities and support core business without significant disruptions. More specifically, it is noteworthy to appreciate the combination of technologies that have been put together in preparation and conduct of today's graduation ceremony.

I congratulate the graduands on making it this far as I also welcome them to the world of work. To the parents, guardians, university lecturers, University Management as well as all the stakeholders, I also pass my congratulations to you all as this is a testimony of the teamwork and dedication in ensuring that our sons and daughters get through their education up to this point.

Last but not least, I urge all the stakeholders to take full advantage of technological advancements to stimulate socio-economic development. May we all, especially our dear youth, take full advantage of these developments in the country but also take caution on what you do with it. Technology is a double-edged sword which can be used to your advantage and also to your disadvantage. Please choose wisely. I wish all the graduands of Mount Kenya University's 18th Graduation Ceremony the best in your lives.

THE CHANCELLOR

PROF. JOHN J.M. STRUTHERS,
MA (Hons), MPhil, FRSA, FHEAS
Chancellor, MKU

I am glad to join the 18th Graduation Ceremony graduands in celebrating their academic achievements. I acknowledge with appreciation the support accorded to the graduands by their parents, guardians, staff and other University stakeholders during their studies at Mount Kenya University and therefore I join others in congratulating them for the successful completion of their studies. I am sure that they have acquired adequate knowledge, skills and competence to serve the nation and the global community.

I have noted with a lot of satisfaction the achievements recorded at the university in the course of this year despite the global COVID-19 pandemic challenges. Top on the list is MKU's impactful and timely response to the COVID-19 pandemic and especially in transforming to an almost fully online teaching university. We appreciate the partners who joined hands with the University to ensure successful transiting into the online service delivery. Some of these are Safaricom who entered into a contract with MKU to provide subsidized online connectivity to students and staff which greatly helped in facilitating the online teaching and examining of students. TV47 and MKU strategically worked together

to offer joint service to students during the COVID-19 closure and this partnership was instrumental in MKU's successful transition to online mode of teaching. Notably, the Microsoft partnership with MKU was fully operationalized through the Microsoft Teams applications having been used successfully across the university for online meetings, teaching and examinations. During the COVID-19 lockdown the University participated in a partnership that offered online training to 130 youths in Kajiado and Nairobi Counties on entrepreneurship in collaboration with other stakeholders under the support of the Kenya National Commission of UNESCO. An online training was conducted by MKU's Graduate Enterprise Academy to members of the Nairobi-based Mums in Business organization which was jointly conducted along with the Women Enterprise Fund. Cognizance is further made of grants for funded projects that were won and / or operationalized during the COVID-19 lockdown as follows; a 5-year fully DAAD sponsored partnership project called "African Centre for Career Enhancement & Skills Support - ACCESS" which was launched through a 3-day long Webinar in July this year.

ACCESS brings together on a common platform, five (5) universities in Africa and Leipzig University as the coordinator. ACCESS aims at fostering employability of university graduates in a way that facilitates North – South and South – South knowledge and skills transfer. Other examples of internationalization endeavors at MKU in the course of the year included the Lapid Leaders Africa (LLA) partnership which has trained some students and alumni on soft skills as well as the VMware Academy who have trained members of staff to be VMware trainers and in turn, they are training the students.

In conclusion, I commend the University management for their iconic leadership and for the conducive environment that facilitated numerous successful undertakings despite the COVID-19 pandemic challenges. In the same spirit and resolve let us continue to put our trust in God for He knows the end from the beginning and that one day soon the COVID-19 pandemic will be over and soon we shall be back to normalcy.

Mungu Awabariki
Asanteni sana.

Prof. John Struthers

Mount Kenya University Chancellor, Full-time Professor at the School of Business & Enterprise and Director - Centre for African Research on Enterprise and Economic Development (CAREED), University of West of Scotland (UWS), United Kingdom.

THE CHAIRMAN, UNIVERSITY COUNCIL

PROF. DAVID T. K. SEREM, Ph.D.
Chairman,
University Council, MKU

It is now close to (7) months since the Government of Kenya reported and confirmed cases of persons having COVID-19 and subsequently announcing intrepid measures to contain the spread of the coronavirus in Kenya. This including the suspension of learning in all institutions.

This crisis of unprecedented nature and effects has brought with it a chain of events that have since confirmed how extraordinary Mount Kenya University is, thanks to all of you. In the face of such adversity, we have demonstrated that it is possible to enhance business by continuity patronizing our technological prowess coupled with our culture of teamwork, discipline and flexibility.

The continued perseverance and dedication of all our employees who are presently working at their duty stations, from home, and other locations is recognized and appreciated. It is our hope that staff shall continue to fulfill their duties and responsibilities as assigned while also taking necessary steps to stay safe.

The Council appeals to all staff to be guided by the University core values of integrity, excellence, innovation and unity of purpose

as they adhere to the values and standards as entrenched in chapter 6 of the constitution of Kenya that ensure integrity and accountability in service delivery. Through this, MKU will be well-positioned to withstand the emerging socio-economic challenges that have affected the normal operations in the Higher Education sector.

The University Council unreservedly appreciates the Board of Directors who has successfully steered the University forward as a going concern through these disruptive and difficult times. There are no lay-offs of staff even during these straining moments of COVID-19 that has drastically affected many nations and economies. The university is still recruiting qualified teaching staff to ensure that MKU remains a global centre of excellence. May Almighty God bless you for this selfless gesture.

To support the University, the Council has continued with its mandate of ensuring the university achieves her vision through development and implementation of policies, regulation and guidelines. The University Council at a meeting held on 24th July, 2020 approved the following:

1. Teaching Staff Appointment and Promotions Guidelines
2. Revised Staff Scheme of Service
3. Guidelines on postgraduate presentations via web technologies
4. Amendments to the University Organization Administrative Structure
5. Amendments to the Examination Irregularities and Their Penalties
6. Amendments to University Schedule I: Regulations of Undergraduate Degree to include Virtual graduations
7. Guidelines on Online Learning Assessment and Examination
8. Senate Approved Revised Programmes: Bachelor of Public Health (Formerly approved as Bachelor of Environmental Health), Bachelor of Commerce (Microfinance Option added) and Master of Laws
9. Enhancement of On-line teaching
10. Financial guidelines on optimal class sizes
11. Mount Kenya University Foundation phase 2 and Chancellor's Scholarships
12. University Website Policy
13. Mount Kenya University Associate Faculty Customer Care Unit
14. Amendments to the Committees of University Management Board
15. Containment Measures during COVID-19 Pandemic and the University Re-opening Plan

VICE-CHANCELLOR

PROF. STANLEY W. WAUDU, Ph.D.
Vice-Chancellor, MKU

The experiences at Mount Kenya University since the onset of COVID-19 challenges could best be summarized by the article titled, ***“Integrated Business Continuity and Disaster Recovery Planning: Towards Organizational Resilience”*** by Sahebjamnia, Torabi & Mansouri (European Journal of Operational Research, Vol. 242, Issue 1, 1st April 2015, pages 261 – 273, on innovative applications of organizational resilience). This article in its abstract says that, “Businesses are increasingly subject to disruptions” whose “... nature, time and extent ...” are unpredictable. “Therefore, organizations need a proactive approach equipped with a decision support framework to protect themselves against the outcomes of disruptive events”. Indeed, COVID-19 was an unpredicted disruption with adverse consequences across the world. Despite the undeniable challenges due to COVID-19 closure, the University successfully transitioned the face-to-face students into online mode which ensured continuity of teaching and learning during the COVID-19 lockdown. The use of TV47 televised lectures in this transition process was a great advantage and I wish to thank the entire team for the well-coordinated joint effort.

MKU instituted COVID-19 prevention measures in line with the Ministry of Health protocols. This led to the granting of permission by the Ministry of Education to recall final year Medical students and final year Community Oral Health students to undertake clinical rotations and sit for examinations. Arrangements are well in place for a phased resumption of face-to-face learning.

It is vital to note and appreciate that, the other two mandates of the university core-business- research and community-engagement, are being effectively implemented in spite of COVID-19 related challenges. These include development of funding proposals by the staff, implementation of existing funded projects as well as operationalization of new funded projects. The new funded projects include Scottish Funding Council – Global challenges Research Fund (SFC – GCRF) through University of Edinburgh internal grants; Grand Challenges Research Fund (GCRF of UK); Erasmus Plus funding; Osaka University of Japan grant under the Science and Technology Research Partnership for Sustainable Development (SATREPS); Future Leaders African Independent Research (FLAIR); National Research Fund; DAAD and Talloires Network of Engaged Universities funding among others. A word of appreciation goes to Mr. Geoffrey Omangi, for winning Talloires Network of Engaged Universities’ new logo design award which gave MKU a global limelight as the new logo was launched and the designer acknowledged. One hundred and four (104) publications were published between January and August 2020 and University Ethics Review Committee reviewed 92 proposals during the same period. As regards students support, Mount Kenya University awarded thirty-one students the Chancellor’s Scholarship. We thank the Chancellor, Prof. John Struthers for this support.

New quality milestones in 2020 include MKU Medical School establishing itself as a leader in the training of medical personnel. The annual inspection of East African Medical and Dental Schools by the Medical and Dental Practitioners Boards/ Councils from the East African Community(EAC) Partner states, ranked MKU Medical school at the top. The University was also inspected by the Kenya National Qualification Authority (KNQA) for accreditation as a qualifications awarding institution.

In conclusion, I appreciate the Board of Directors, the Council, Senate and Management Board for providing sterling leadership. I also congratulate the graduands, parents, guardians, and MKU staff for getting this far. I welcome the graduands to the MKU Alumni fraternity, and I urge them to strive to be the best that they can be in life as we continue to keep safe and observe the COVID-19 prevention protocols.

THE VICE-CHANCELLOR DESIGNATE, MKU RWANDA

Prof. Edwin Odhuno, Ph.D.
Mount Kenya University Rwanda

Itake this unique opportunity to congratulate all the Mount Kenya University Rwanda class of the year 2020. This class has found prominence in the annals of academic achievement taking cognizance of academic triumph over the global Covid 19 pandemic.

The beginning of the pandemic early this year cast an ominous shadow as it abruptly led to an end of teaching and learning in the January to May 2020 semester and the subsequent semester as well. This was particularly disruptive to students who expected to complete studies this year. The initiative of the University to embrace innovative digital technology amidst the global challenges of the pandemic provided unprecedented solutions to our students. Because you are graduating today it means you took advantage of and embraced the institution's innovation and stand-alone e-learning platform as it heralds the future of education globally.

Indeed, at the onset of the pandemic, just like at the mother institution, learning never stopped at Mount Kenya University Rwanda. Through the support of the main campus, our students in Rwanda, who were willing and able, successfully migrated to the e-learning platform and proceeded with

studies without disruption. The e-learning platform with its Microsoft tools, supported real-time learning and enabled our students to attend live interactive lectures complete with interactive sessions and requisite assessments. The students also leveraged on the platform's e-content including the multi-media library, all at the cost of the University. This became the awe of other students pursuing remote learning from other institutions in Rwanda. The e-learning was also supported by the Ministry of Education of Rwanda through zero-rating the e-learning portal, thus increasing access for our students. The Ministry of Education also assisted the campus to navigate through the challenges engendered by the unplanned closure of the institution.

The experiences of the year 2020 have also posited a dramatic learning curve in the realm of pedagogy and social interaction in so far as traditional teaching and learning are concerned. First, for world-class universities, it is a moment to reflect deeply on opportunities to cultivate, accelerate and transit to digital technology as the emerging mode of academic delivery and training for the 21st century and beyond.

This opportunity found some institutions of higher learning flat-footed and unable to respond. The late Professor Daniel Bell of Harvard University predicted this transition more than two decades ago. Secondly, world-class universities must cultivate, accelerate and transition to less face-to-face social interaction in the process of delivery. Mount Kenya University Rwanda has embarked on plans to introduce livestreaming lectures to minimize face-to-face contacts in the wake of Covid 19 pandemic. We have learnt from you, the class of 2020, that these transitions are not only possible but viable.

I also salute the outgoing Mount Kenya University Rwanda Student Association (MKURSA) officials for their active role in prevailing among their colleagues to embrace this new normal while ensuring that their concerns were addressed sufficiently during the ensuing uncertainty from the closure of the University. From them we learned that the Microsoft Teams tool used for on-line e-learning was not only effective, but it also differentiated our infrastructure from other institutions. Below are some of the comments from Rwandan students and parents.

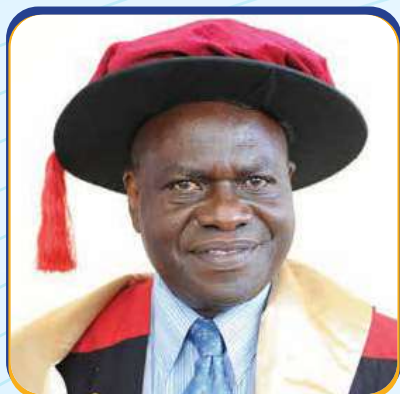

Iyi kaminuza irarenze mu Rwanda. This University is above any other ordinary university in Rwanda.

Aba nyakenya ntamikino. Kenyans are not here to play.

Bariya bari kurwago rwa zikaminuza zibihugu biteye imbere nga zi China n'ibulayi. Those ones are now at the level of international universities of developed countries like China and Europe. Barafasha aba bacu nukuri. Surely, they are helping our children.

CONGRATULATIONS CLASS OF MKUR 2020!

Tujitoe kwa hali na mali
Tuijenge Jumuiya bora.

THE KENYA NATIONAL ANTHEM

O God of all creation
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity
Peace and liberty
Plenty be found within our borders.

Let one and all arise
With hearts both strong and true
Service be our earnest endeavour
And our homeland of Kenya
Heritage of splendour
Firm may we stand to defend.

Let all with one accord
In common bond united
Build this our nation together
And the glory of Kenya
The fruit of our labour
Fill every heart with thanksgiving.

THE PHARMACIST'S OATH

I,
Reg. No. Do hereby swear that:

- I will practice my profession of pharmacy with conscience to uphold its dignity and honour; holding myself and my colleagues to the highest principles of our profession's moral, ethical and legal conduct.
- I will actively search for and disseminate new skills and knowledge of the profession and related disciplines; accepting the lifelong obligation to improve my professional knowledge and competence.
- I will use my knowledge, experience and skills to the best of my ability to ensure optimal outcomes for the patients and to relieve human suffering in sickness and illness while maintaining the welfare of Humanity.
- I will consult, cooperate with, and seek counsel from fellow Pharmacists and other health Professionals.
- I will practice the profession without prejudice while embracing and advocating changes that improve patient care.
- I will not distribute or promote the use of substances in a manner that is harmful to humanity.
- I will abide by the rules and regulations governing the practice of pharmacy including the objectives of the Code of Ethics of Pharmacy Practice in Kenya and pledge to assist in their enforcement and promotion.
- I will respect and protect all personal and health information, keeping all secrets I learn and as entrusted to me in the course of my professional duties.
- I make these solemn promises freely and upon my honour with the full realization of the responsibility with which I am entrusted by the public and society.

So Help Me God!

HIPPOCRATIC OATH School of Clinical Medicine

I,
Reg. No. swear to fulfill, to the best of my ability and judgment, this covenant. I will respect the hard-won scientific gain of those physicians in whose steps I walk, and gladly share such knowledge as is mine with those who are to follow. I will apply, for the benefit of the sick, all measures that are required, avoiding those twin traps of over-treatment and therapeutic nihilism. I will remember that there is art to medicine as well as science, and that warmth, sympathy and understanding may outweigh the surgeon's knife or the chemist's drug.

I will not be ashamed to say "I know not," nor will I fail to call in my colleagues when the skills of another are needed for a patient's recovery.

I will respect the privacy of my patients; their problems disclosed to me that the world may not know. Most especially must I tread with care in matters of life and death. If it is given to me to save a life, all thanks. But it may also be within my power to take a life: this awesome responsibility must be faced with great humbleness and awareness of my own frailty. "Above all, I must not play at God".

I will remember that I do not treat a fever chart, a cancerous growth, but a sick human being, whose illness may affect the person's family and economic stability. My responsibilities include these related problems, if I am to care adequately for the sick.

I will prevent disease whenever I can; bearing in mind prevention is preferable to cure.

I will remember that I remain a member of society, with special obligations to all my fellow human beings, those of sound mind and body as well as the infirm.

If I don't violate this oath, may I enjoy life, be respected while I live and remembered with affection thereafter.

May I always act so as to preserve the finest traditions of my calling, and may I long to experience the joy of healing those who seek my help

So Help Me God!

NIGHTINGALE PLEDGE School of Nursing

I..... Reg. No.....
solemnly pledge myself before God and in the presence of this assembly to practise my profession faithfully.

I shall abstain from whatever is deleterious and mischievous, and shall not take or knowingly administer any harmful drug.

I shall do all in my power to maintain and elevate the standard of my profession and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling.

I shall not permit consideration of religion, nationality, race or social standing to intervene between my duty and my patient.

I shall be loyal to my work and devoted towards the welfare of those committed to my care.

So Help Me God!

Quality Assurance

MKU Medical School ranked the overall best

Mount Kenya University Medical School has been ranked the best in Kenya with a score of 82 out of the possible 100 points in an inspection conducted by a joint team of technical health experts from the East African Community (EAC) Partner States Medical and Dental Practitioners Regulatory Councils.

The University met the necessary requirements for the training of medical students in a task which ensured that 13 institutions were inspected.

MKU Medical School has been marked as the best institution in training medical students in Kenya. The inspection was done between March 2 and 6 2020 and was Chaired by Dr Nyemazi Alex, member, Education Committee, Rwanda Medical and Dental Council .

The State-of-the-art MKU Medical Anatomy Laboratory and General Kago funeral home which was built through a public-private partnership with Thika Level 5 Hospital , Kiambu County.

KNQA officials inspect MKU

The University was inspected by the Kenya National Qualification Authority (KNQA) for accreditation as a qualifications awarding institution.

The KNQA is mandated by the government to coordinate and harmonize education, training, assessment and quality assurance of all qualifications awarded in the country; with the view to improving quality and international comparability.

Research and Innovation

MKU jointly wins Sh 450 million grant to fight malaria

Mount Kenya University and Japan – based Osaka City University have jointly won a KSh450 million grant from Japan International Cooperation Agency (JICA).

The funds will be channeled towards malaria elimination research in Homabay County and was availed through Science and Technology Research Partnership for Sustainable Development (SATREPS), which is a Japanese government programme that promotes and funds international joint research mostly in developing countries.

Dr. Jeseje Gitaka is the project lead-researcher; he is a clinical doctor from MKU School of Clinical Medicine and is the director, Grants and Development

MKU Innovators Develop System For Contact-Tracing

Three local researchers — Industrial chemist Mr. Donatus Njoroge, IT expert Gideon Kamau, and Physician Scientist Dr. Jesse Gitaka — have developed a Covid-19 tracing system dubbed 'KoviTrace' that provides access to all the persons that a patient came into close contact with in the last 14 days. The system, which is available in both English and Kiswahili, comprises of an administrative web interface for use by the administrator (Ministry of Health) and a front end system (an application that can be installed on Android phones or accessed via a USSD code by those without smart phones).

MKU staffer rebrands global network of universities

Design work by an ICT official from the Mt Kenya University has been selected as the overall winner in a competition to develop a new name and logo for an international network of universities. Talloires Network selected a new logo and name proposed by Geoffrey Omangi, an ICT officer at MKU following a four-month scrutiny of submissions from staff and students of universities within the network. The United States headquartered network will change from the "Talloires Network" to the "Talloires Network of Engaged Universities." It will also use the new logo developed by Mr Omangi.

MKU graduates among top 10 in employability

MKU has consistently been ranked among the top-10 Kenyan public and private universities with the highest employability rate. Studies on the *State of Graduate Employability in Kenya* by the CPS Research International, a market and social research firm, indicate that MKU has one of the highest graduate employability rates in Kenya out of the 67 public and private universities surveyed. MKU's leading position in higher education is further amplified by the fact that it is the most preferred of all private universities by employers.
